

Latest Workshops

In Upcoming Workshops you'll find full information on Krav Maga workshops happening soon in your area. Generally the listed workshops are those run by KMTA. However we also include information on Krav Maga workshops being run around the country by other IKMF instructors, or by IKMF Headquarters, so check back regularly to see what may be happening near you.

In Recent Workshops you can see what other Krav Maga workshops have recently been held by KMTA. This includes topics, some pictures, and other points of note. If you have any pictures or feedback you would like to share with us from a recent workshop, please contact us!

If you would like your IKMF Krav Maga workshop event listed here or would like to host a workshop on a specific topic, please contact us.
