

Small Group

These are similar to private Krav Maga lessons, but are aimed at groups of friends or family that would like to train together in the privacy of their own home or other chosen location. We have provided small group training for corporations, women's groups, families, the aviation industry, security officers, police, and soldiers.

Small group training can be run on a regular basis, on specific topics, or just once off for a team building session. Whatever idea your small group has in mind with Krav Maga training, we will help make that happen
