

Individually Tailored

Combine any of the above options, or come up with something of your own that you would like us to cater for. For example: a 2-day private workshop for a school group; 3-nights small-group session; whatever you like! We have arranged tailored training for corporations, school groups, women's groups, and even constant full-time training, 8hrs a day, for 2-weeks straight! Whatever your idea or need may be, please contact us to help make these ideas happen.
