

## 2005 (The Beginnings)

(Pictures coming soon) In March 2005, Tim completed his Civilian Instructors Course under Eyal Yanilov (head of the IKMF) and Amnon Darsa (right hand man to Eyal). He was graded at a G-3 level: the highest level attainable coming out of IKMF Civilian Instructors Training. Tim immediately opened a new Krav Maga school in Mansfield, on Brisbane's Southside. Initially classes began with a small group of about 10 dedicated students training twice a week. Now Krav Maga Training Academy holds 2 training sessions twice weekly at this location! Since the original school Tim trained under closed its doors at the end of 2005, we are now the longest running Krav Maga school in Queensland! In mid 2005 we held our first in-house training program for the Senior student's of a private school in Brisbane. The school fully supplemented the program and offered the training in to their regular sports program. The aim was to prepare the students mentally and physically for some of the potential problems they may face upon leaving school and moving in to the "real world." We had about 20 students complete the course. In late 2005 we held our first fully-supplemented in-house corporate training program. The program ran for 6-weeks, and was aimed at providing certain employee's the extra skills they may need while doing the sometimes hazardous tasks required in their jobs.
